May 31, 2018

This press release is being sent to all Goffstown and New Boston elementary school parents.

Parents and guardians,

The Goffstown School District was notified yesterday afternoon by the Goffstown Police Department that an investigation was being conducted that involved a suspicious vehicle and a possible custody-related dispute involving a Glen Lake student. It is unclear if the vehicle in question has been on our school campus at Glen Lake School; several vehicles with a similar description have been identified on surveillance video. Glen Lake parents can expect to see heightened police presence as the investigation continues. This situation is believed to be an isolated issue and there is no perceived threat to the general school community. This case remains an open investigation and the Goffstown School District continues to collaborate with the Goffstown Police Department. As always, the safety and wellbeing of all our students remains our top priority. Parents are always encouraged to remain vigilant – observe your kids, watch for suspicious activity. Please, if you see something, say something. If additional information is appropriate to share, further information may be released.
