

Dear New Families,

Welcome to Mrs. McNish's Fourth Grade Classroom!

I am so excited to be your teacher next year, and I can't wait to get to know each of you. We are going to have an amazing year filled with learning, new challenges, fun projects, and lots of laughs!

In 4th grade, you'll become more independent as learners. We'll dive into interesting topics in science and social studies, strengthen our reading and writing skills, and explore new strategies in math! You will get to work in groups, do hands-on activities, and take part in class discussions and presentations.

This will be a year of growing as kind and respectful classmates where community feels safe and supported allowing everyone to feel proud of his and her progress!

I hope you are enjoying some summer reading and are filling in your Bingo Boards. (These were given to you on the last day of school) Also, take some time to practice your multiplication/division facts too, as this will prepare you for the upcoming fourth grade math curriculum. As you probably already know you will be learning all about our great state of New Hampshire. If you do any traveling in NH throughout the rest of the summer, don't forget to take pictures and grab some brochures for future NH projects!!

I can't wait to hear about your adventures when school starts. Get ready for a year full of curiosity, discovery, and FUN!

The stores are full of new school supplies, so I thought you might want to stock up early. I have listed a few items that would be helpful for the new year.

One 1" 3-ring binder

1 Pocket Folder with 3 holes to go inside your 1" binder

#2 pencils and erasers

1 spiral notebook (no more than 100 pages)

Dry erase board/markers/eraser (or old sock)

Clorox wipes

Soft tissues

Additional items:

pencil sharpener

crayons

colored pencils

markers

scissors

glue stick

Thank you so much!

Mrs. McNish
