

Meet the Teacher

What I Teach

I teach science to everyone and english language arts or as we call it, ELA to my homeroom students. I also teach Second Step to my homeroom.

My Favorite Things

- Kayaking, softball and hiking
I've hiked my 4,000 footers in NH and the Appalachian Trail.
- Crafting - I love doing canvas pours!
Last summer I taught myself Mandala Dot Rock Painting. I also love needle felting.
- Traveling Adventures - I'll head to Arizona this summer to see my nephew and my brother.

A Little About Me

Hello! My name is Ms. Moulton, and I am so excited to be working with your child this year! This will be my 25th year teaching and my 22nd year teaching at New Boston Central School, and I still love coming to school each day just as much as when I started.

I have a big passion for science and love spending time outdoors. Some of my favorite moments with students happen when we are exploring, discovering, and learning in hands-on ways—especially outside!

I also run several after-school clubs for 5th and 6th graders throughout the year.

Students can look forward to joining:

- Hiking Club in the fall
- Snowshoe Club in the winter
- Trail Maintenance Club in the spring

I can't wait to get to know your child and help them grow, learn, and have fun along the way. We are going to have an exciting year filled with meaningful learning, great experiences, and plenty of adventures!

Meet the teacher

Mrs. Hicks

Welcome to 5th Grade! I am Mrs. Hicks and am thrilled to be your child's teacher this school year. This is my 15th year teaching, with most of my experience having been in 6th grade. I feel that this is an advantage to me, as I am well versed in the expectations of the upcoming grade level. I also have a strong background in special education and hold a dual certification. I love the community of New Boston and reside in this town. I look forward to building meaningful relationships with not only students, but their families as well..

MY FAVORITES

- Spending time with family and friends
- Creating- I try to do something creative every single day!
- Psychological thrillers
- The ocean
- Thrifting adventures
- Coffee, coffee, coffee!

Teaching mathematics is one of my passions and I look forward to teaching math to all three grade levels this year. We will be using the Math & You Curriculum, as well as the Building Thinking Classrooms model. There will be an emphasis on higher level thinking and collaboration.

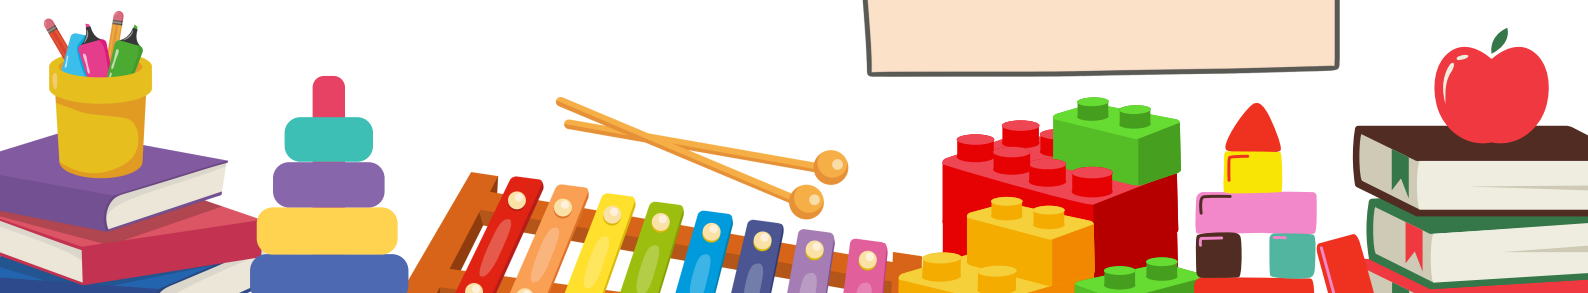

In ELA, students will read and write daily. They will have exposure to high-quality literature and many opportunities to explore different genres. One goal will be to build positive habits around reading and create life-long readers.

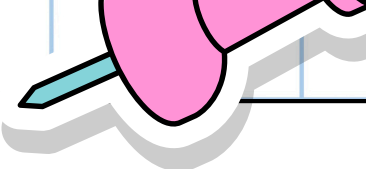

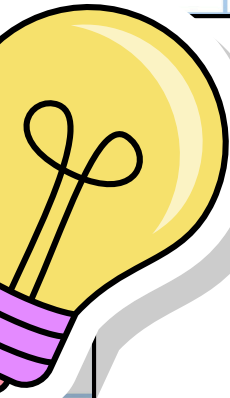

Students will continue to build their skills in the writing process with a shift on expressing clear opinions backed on text evidence and varying sentence structure. There will be an overall emphasis on the writing process and work with such genres as persuasive writing, narrative writing and informative/expository writing.

Students will continue with the Second Step Social Emotional Learning Curriculum. At New Boston Central School, we believe in a "Whole Child" approach and address such topics as executive functioning, managing emotions and more.

ABOUT ME

My name is Mrs. Ellis! I will be teaching social studies this year as well as ELA to my homeroom. I'm a big proponent of hands-on/experiential learning as a way of deepening students connection to the topics they're studying. My goal is to make my classroom a place where all students can access the curriculum in a way befitting their unique abilities and strengths. I also strive to meet the differing needs of each student in a functional capacity, in recognition of the fact that a variety of tools, approaches, or modifications are necessary to ensure the success of all learners. I am looking forward to a great year and am excited to meet the incoming 5th Grade Class!

TEACHING EXPERIENCE

This is my 9th year teaching elementary school but my first year at New Boston Central School. I feel so lucky to be joining this wonderful community! I have learned a great deal from my experiences in other school districts and hope to bring that knowledge and insight to this new position.

MRS. ELLIS

MY FAVORITE THINGS

- Spending time with those I love.
- Reading! I'm a big fan of historical fiction.
- Crafting! Lately, I've been doing a lot of embroidery.
- Tea of any kind...but if I had to choose it would be matcha bubble tea.
- Traveling! The furthest I've ever been is China, but my favorite place to visit is my home state of New York.
